Release 3.0

Volume 3: System Specifications

Part 7: Interworking

Chapter 3: EIB System Interworking

24.03.1999

Table of Contents

1. Introduction 3

1. Introduction

The "EIB System Interworking"-standards will define standards and guidelines for communication and devices that interface EIB to other systems, for instance via the public telephone network or gateways.

This chapter will be completed with the next release of the EIBA Handbook Series.
